BILOXI AND GULFPORT WANT ORLEANS HIGHWAY

Biloxi, Miss., Nov. 19.—Coast citizens urged by Mayor Kennedy of Biloxi and officials of Gulfport, are asking that the highway from New Orleans to the Mississippi coast, via Gulfport and Slidell be completed prior to the building of the highway from New Orleans to Hammond, as it is claimed that this was the first route decided upon before the issuance of bonds in the sum of \$750,000 and with which it is claimed State Highway Engineer Duncan Baile is preparing to let contracts for that road work. Those behind the movement claim that the highway out of New Orleans to Gulfport and Slidell and then to the Mississippi state line, near Logtown, will not only be shorter, but will fill a long-needed opening for travel into New Orleans. This highway will connect at Logtown and down the coast, covering that part of the Old Spanish Trail, which makes direct connection with Mobile.

NO SHUT DOWN.

A rumor gaining ground the last few days has been circulating throughout the plant to the effect that the International Shipbuilding Company would be shut down on the first of December and stay closed until the first of the year. "This rumor is without foundation," said one of the officials of the company Monday morning, "and we would like to know the party who started such a false statement."

The Condado-Vanderbilt Hotel, known as the "Condado," situated in the exclusive district of San Juan, Porto Rico, is the first modern built American hotel in the West Indies. The progressive spirit shown by the American colony in the island speaks well for the future progress of San Juan. Pascagoula, more advantageously located is crying aloud for an up-to-date hotel. A re-inforced concrete hotel, fireproof and conveniently established would create wide patronage. Keep pace with San Juan and provide a modern hostelry.

Another five-masted barkentine was successfully launched Wednesday from the International Ship Building Company's large plant at Orange, Texas. The name of the new vessel is Man-falcon.

The American schooner Delta, Capt. C. H. Bruce, is due to arrive from Vera Cruz, Mexico.

Rev. W. Wedig, pastor of the Lutheran church in this city, returned Saturday from St. Louis, where he officiated at the marriage of his sister, Miss Ella Wedig, to Mr. Edward Lam-bour, last Wednesday.

Miss Cecile Sauter of Gautier spent Monday in Pascagoula with friends.

PARDON PETITION.

To His Excellency, Theo. G. Bilbo, Governor of State of Mississippi, and Honorable Board of Pardoners: We the undersigned officers of the Mississippi State Penitentiary and citizens of Jackson County, Mississippi, would respectfully ask that you pardon T. B. Morgan, who was convicted at the February, 1919, term of the Circuit Court of Jackson county, Mississippi, on a charge of grand larceny and sentenced to serve a term of two years in the state penitentiary for the following reason, to-wit: That the said Morgan has made a model prisoner, being reliable, obedient and thoroughly trustworthy in every respect.

That the facts and circumstances of his case would leave a reasonable doubt as to his guilt in our minds.

even though he be guilty, we feel that he has been simply punished and the cause of justice met. That his wife has recently died leaving a young girl child with no one to protect and provide for her, who is solely dependent upon her father, T. B. Morgan, for support and protection.

For the above reasons set forth we most respectfully ask that he be granted a full and complete pardon.

L. Q. Sone, trustee; W. A. Montgomery, T. E. Johnson, W. J. Johnson, W. Wordtman, and others.

The local plant of the International Shipbuilding Company looks more prosperous every day. To see the engineers laying out new buildings, warehouses, sheds, etc., out in front of the main entrance surely must be true evidence that this plant has come to stay.
